Friends Program

The Mizzou Botanic Garden is a public resource that, through its collection, display, interpretation and conservation of flora suited to central Missouri, offers the opportunity to learn how plants can better our lives. It attracts, inspires and delights visitors of all ages.

Friends of the Mizzou Botanic Garden provide financial support that is used to help preserve and develop the gardens, as well as support MU's educational mission.

All memberships receive:

- A copy of the Mizzou Botanic Garden's calendar, featuring the beauty of the Garden.
- Invitations to special events.
- Volunteer opportunities to work in the gardens and with special events.
- Free or discounted admission to American Public Gardens Association and American Horticultural Society participating gardens nationwide, including Powell Garden and Missouri Botanical Garden.

The Mizzou Botanic Garden is:

- a public resource for learning about plants through displays, interpretive materials and educational programs;
- a research and educational resource for MU faculty, students and visitors;
- the largest collection of plants suitable to mid-Missouri, displayed in an inspiring and beautiful manner.

Please join us in supporting this beautiful and lasting resource. Become a Friend of the Mizzou Botanic Garden today.

“There is not a sprig of grass that shoots uninteresting to me.”

- Thomas Jefferson
